How will you host?

Hosting an event this Lent is about more than just raising funds. It's about bringing people together, creating connection and community, and ensuring that no one faces poverty, injustice or disaster alone.

There are so many exciting and inspiring ways to *Unite Against Poverty* with your community - here are just some of our favourites!

Host a... **Pancake Day**

A Pancake Day fundraiser is a meaningful way to celebrate the beginning of Project Compassion and the Lenten season while coming together to create real, lasting change. Add an extra layer of fun with a pancake-decorating contest, a flipping challenge, or a prize for the most creative toppings.

Ready to get cooking? Download our Pancake Day Toolkit everything you'll need to make your event a success.

Host a... **Morning Tea**

A classic for a reason! Gather friends, family or colleagues for a morning of conversation, hot drinks and tasty treats. Ask everyone to bring a plate or make a small donation to join in.

Host a... **Raffle**

Gather a few prizes, sell raffle tickets and give everyone the chance to win! Ask local businesses, friends or colleagues to donate prizes, then draw the winners ! It's a simple way to get everyone involved and boost your fundraising.

Host a... **Sports Match**

Sport has a unique power to bring people together, so gather your dream team, plan your own fundraising match or mini tournament this Lent, and enjoy a little friendly competition.

Host a... **Trivia Night**

Put your community's general knowledge to the test with a trivia night fundraiser. Rally your guests, create your teams, and come together for an evening of fun, connection, and friendly competition.

Host a... **Wear Yellow Day**

Add a splash of colour to your community! Invite everyone to wear something yellow in return for a donation. Whether it's a yellow T-shirt, scarf, lanyard or even a pair of socks!

Ready to become the host with the most? Head to projectcompassion.org.au to register online and download our Host a Lent Event Toolkit to start planning.
