## Photo Matching Activity

Caritas Australia works in partnership with communities around the world to end poverty, promote justice and uphold dignity. Our work is guided by the principles of Catholic Social Teaching.

These principles can be a powerful tool to help students assess social realities, such as poverty, in the light of the Gospel. It supports their ability to think critically and contribute meaningfully, as they grow as global citizens.

Broadly, Catholic Social Teaching principles can be integrated into inquiry learning across Civics and Citizenship, Economics and Business, Geography and many other curriculum areas. They can also contribute to addressing the Cross-curricular Priorities and General Capabilities.

Most Caritas Australia education resources link to the Catholic Social Teaching principles and the Australian Curriculum.

The principles are inspired by scripture and the writings of the Popes and other Catholic leaders about social issues. **Caritas Australia's work is shaped by the tradition of Catholic Social Teaching.**

## HUMAN DIGNITY

Every person is created in God's image and all human life is sacred. We believe in the dignity of each person.

## SOLIDARITY

We are part of one human family, and we have a responsibility to help each person, to achieve their full potential.

## THE COMMON GOOD

We believe in working towards the common good and looking beyond our own personal interests.

## PREFERENTIAL OPTION FOR THE POOR

We believe in prioritising the women, men and children most vulnerable to extreme poverty and injustice.

## SUBSIDIARITY

We believe in every person's right to participate in the decisions that affect their own lives

## PARTICIPATION

We believe that every person can be the architect of change in their own life.

## CARE FOR OUR COMMON HOME

Caring for our environment is for the common good of all. We believe a true ecological approach is a social approach. We are to be protectors of creation and one another.
