We believe that care for our common home is vital for the common good of all people. We believe a true ecological approach is a social approach. We are to be protectors of creation and of one another.

SOLIDARITY

We believe we are part of one human family and have a responsibility to help each person achieve their full potential.
We believe that every person can be the architect of change in their own life.
We believe in every person’s right to participate in the decisions that affect their own lives.
