

FOUNDATION YEAR Curriculum Map

This curriculum map is designed for teachers to use in conjunction with planning documents. It enables you to quickly see which content descriptions (CDs), from the Australian Curriculum are covered across a range of Caritas Australia resources. The topics down the side of the map are global issues covered in Caritas' resources. The inclusion of content descriptions for each Key Learning Area (KLA) are based on all the resources for that topic not just one single resource or document. In the accompanying Foundations Content Descriptions document, you will find the full content descriptions for each KLA. A link to all Caritas Australia Primary School resources is at the bottom of this page.

	ENGLISH	MATHS	SCIENCE	HUMANITIES: History	HUMANITIES: Geography	ARTS	HEALTH AND PHYSICAL EDUCATION	TECHNOLOGY
