

# An Easter Prayer

Written by Michael McGirr

God of all wonder,  
More than ever in 2025, we pray that we will take hope  
from the great feast of Easter  
and the new life of our risen saviour.

May we know that it is you  
who brings life from death,  
healing from pain,  
peace from confusion  
and community from isolation.

In our time, may we walk with Jesus Christ  
on our road to the empty tomb, or Emmaus or Galilee  
and find that you are indeed the God of the living.

May we grow in an Easter faith that does justice  
as we unite against poverty in every season  
and share your vision of the world made new.

May the light of Christ,  
rising in darkness,  
dispel the darkness of our minds and hearts.  
Alleluia!
